Description about Caspian University (CU):

CU was established in 1992 as an Institution of Higher Education. During the following 23 years of existence the University has undergone several reorganizations and rebranding activities. In 2013 the University merged Law High School “Adilet” and Multidisciplinary University “Parasat”. Currently CU is an established three-level educational system that allows students to get up-to-date knowledge and practical skills via higher educational programmes on bachelor, master and PhD. There are 3 thousand students and listeners in 6 Higher Schools:

School of Economics & Management (Finance; Accounting; Economics; Management; Marketing; Public and Local Administration);

School of Engineering (Geology&Investigation; Civil construction; Oil&gas; Computer facilities& Software; Automation &Governance; Life safety and environmental protection);

School of Humanities (Interpreting; Psychology; Kazakh language & Literature);

School of Architecture & Design;

School of Law;

School of Arts.

Erasmus + interests:

We are interested in cooperation on all programmes under Erasmus + umbrella: Capacity building, International credit mobility.

The problems we are faced today are development of office of registrar, University management, Development of technics of international academic mobility, Quality Assurance.

Concerning academic programmes we are interested in the directions of arts (double degree bachelor programme), engineering, finance.
